CANADA'S MONEY YEAR

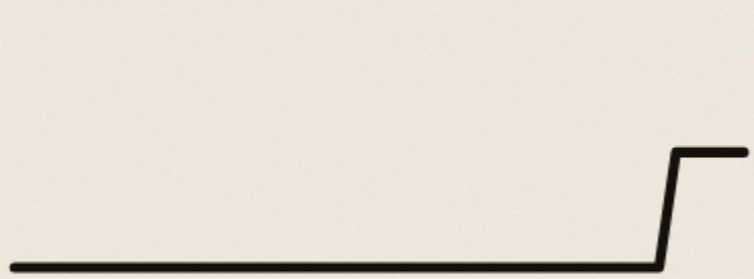

Canada's money year, graphed.

2026

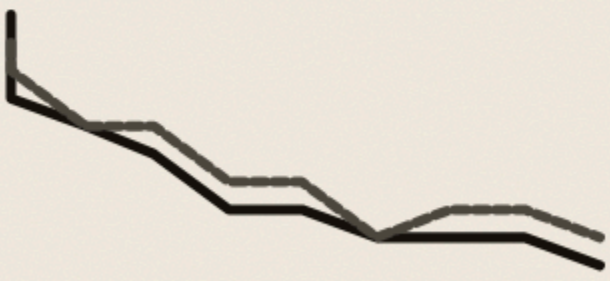

Bank of Canada policy rate

Posted 5-year mortgage rate

Core inflation

Canadian dollars for one US dollar

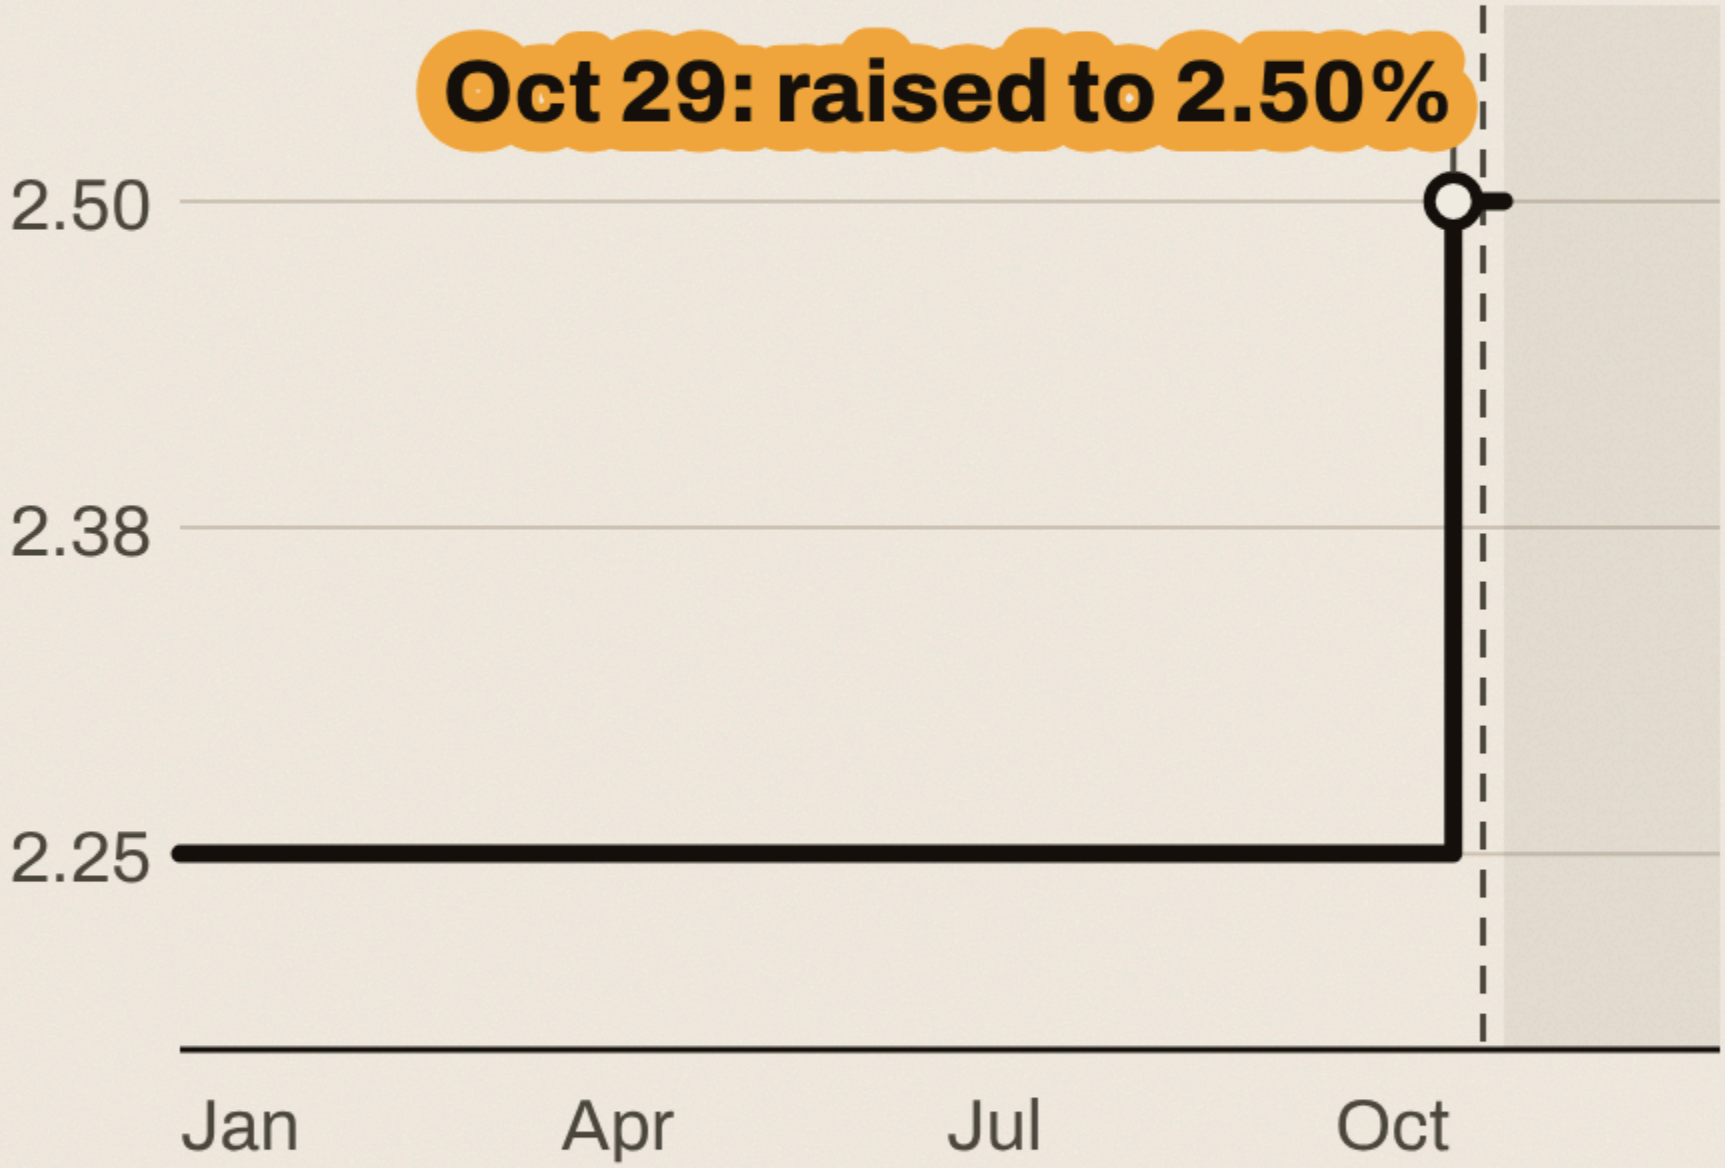

Education only, not advice.

CANADA'S MONEY YEAR

Bank of Canada policy rate

2.25% to 2.50%

Held at 2.25% from January 1 until October 29, 2026. One change so far this year.

Education only, not advice.

CANADA'S MONEY YEAR

Posted 5-year mortgage rate

6.09% to 6.19%

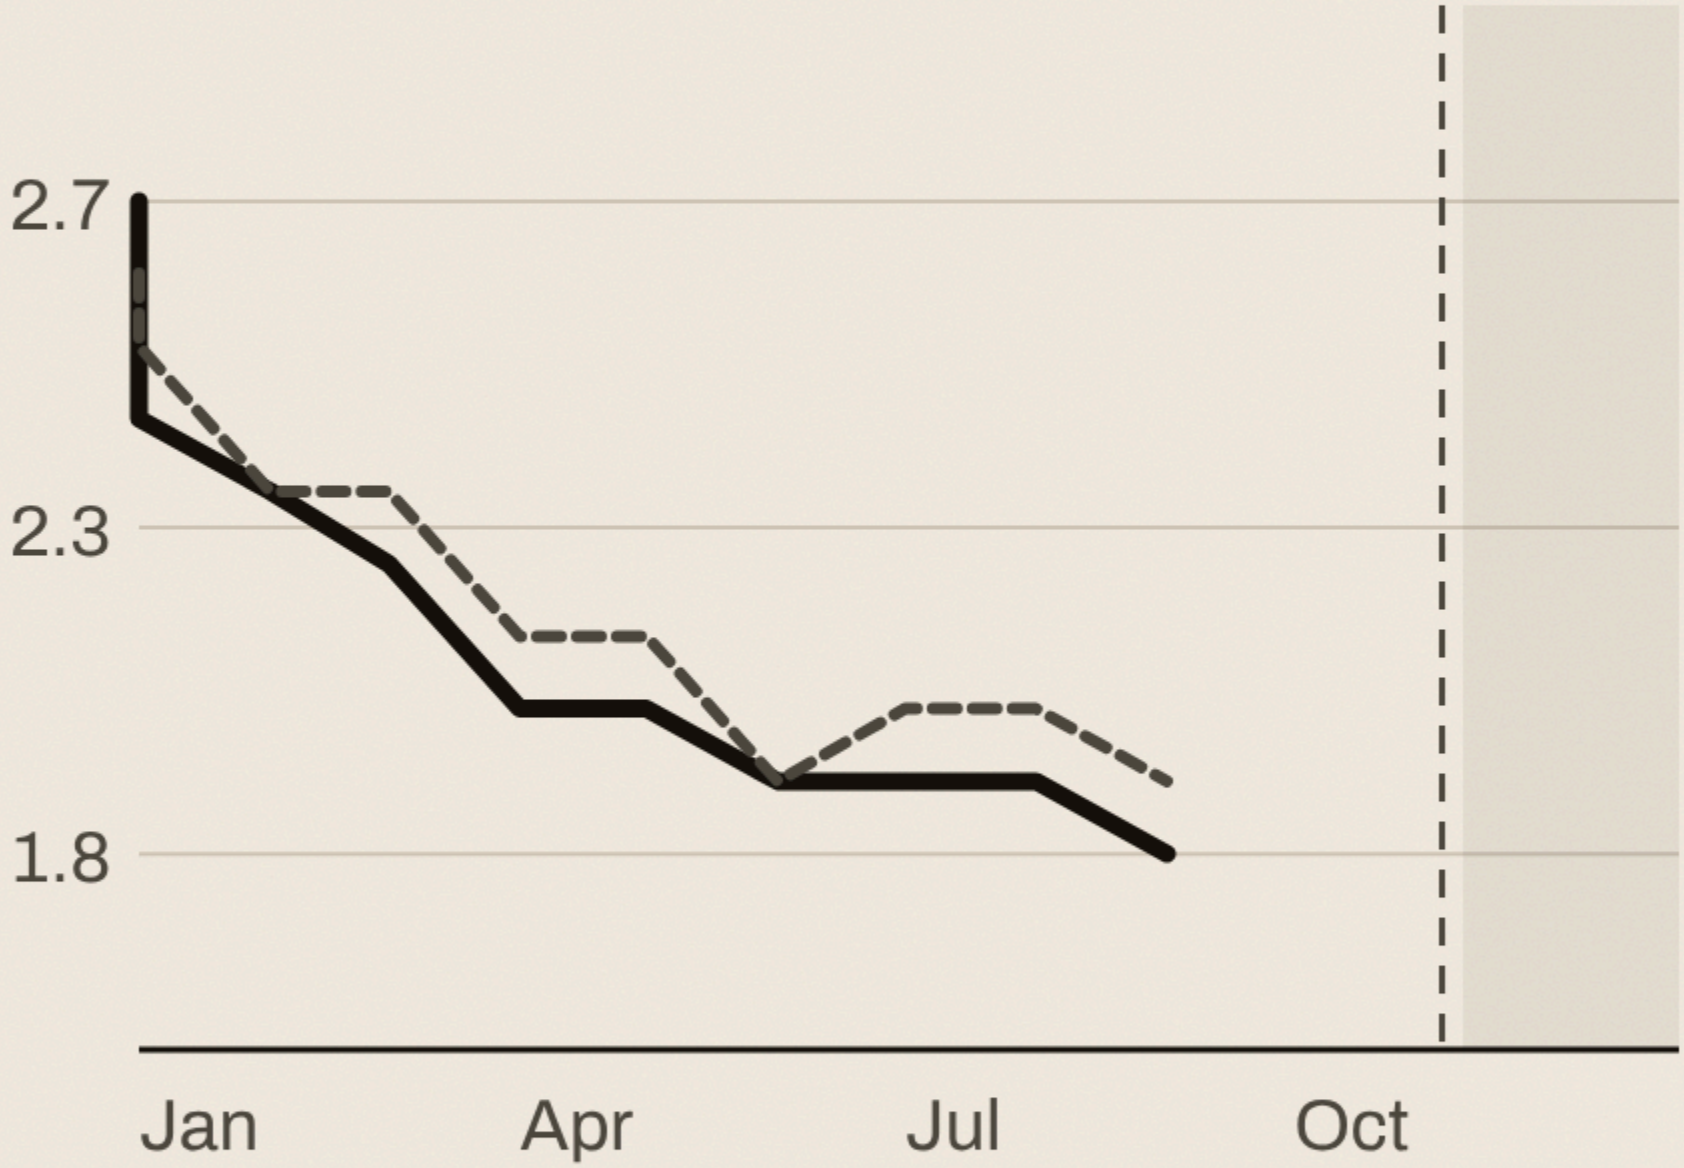

6.09% in the first week of January, 6.19% on November 4, 2026. The posted rate is the banks' advertised rate; many borrowers pay less.

Education only, not advice.

CANADA'S MONEY YEAR

Core inflation

2.7% to 1.8% CPI-trim

Year-over-year change in the Bank of Canada's two preferred core measures, which set aside the most volatile prices. CPI-trim went from 2.7% (December 2025) to 1.8% (September).

Education only, not advice.

CANADA'S MONEY YEAR

Canadian dollars for one US dollar

1.3737 to 1.4181

Higher means one US dollar costs more Canadian dollars, so a weaker loonie. 1.3737 on January 2, 2026, 1.4181 on November 10, 2026.

Education only, not advice.

Then the federal budget, presented

November 5, 2026

What it proposes, in the order it would start. Proposals are not law unless enacted.

Education only, not advice.
